QuantumSM
FIBER

Although our fiber service usually means 100% fiber-optic network to your residence, in limited circumstances CenturyLink may need to deploy alternative technologies coupled with a non-fiber connection from a certain point (usually the curb) to your residence in order to provide the advertised download speeds.

Customer speed experiences will vary, particularly when accessing the Internet wirelessly from various devices. Maximum download/upload speeds are up to 940 megabits per second via a wired connection due to overhead capacity reserved to deliver the data. Internet speeds are not guaranteed due to conditions outside of network control, including customer location, devices, equipment, and access through a wired or wireless connection; see [centurylink.com/InternetPolicy](https://www.centurylink.com/InternetPolicy) for more information.

Service is not available everywhere. Available to qualifying, residential customers. CenturyLink may change, cancel, or substitute offers and services, or vary them by service area, at its sole discretion without notice. All products and services listed are governed by tariffs, terms of service, or terms and conditions posted at www.centurylink.com/terms. **Secure WiFi:** If your modem includes the Secure WiFi feature, it should begin working within 72 hours of activating as long as you fully install it and leave it plugged in. Altering modem settings may disable Secure WiFi, as will Internet connection issues. If you are unsure whether Secure WiFi is working, contact us. Restrictions apply. © 2021 CenturyLink. **Internet service built for what's
now and what's next.**

Introducing Quantum Fiber

Meet the internet service you, your residents, and homeowners have always wanted. With Quantum Fiber, you get blazing-fast speeds up to 940 Mbps. The speed your residents need to do more of their thing.

Super-fast internet

Blazing-fast internet up to 940 Mbps with no days off.

Enjoy **unlimited data** on a network with **99.9% reliability**. *Based on network uptime or availability.

Transparent pricing

Prepay month to month. **No deposit or credit check. No contract.**

Fully digital self-service account management

Hold music shouldn't be a part of your residents' and homeowners' world. Side-step phone queues and voice menus with your own dedicated Fiber Customer Success Team.

Get 24/7 access to change service, set appointments, and shop at the TV marketplace.

Fully digital and easy sign-up experience

A company rooted in a rich historical legacy

Lumen is a company rooted in a rich historical legacy that stretches back nearly 100 years, unifying approximately 30 different companies and extensive global infrastructure.

This vast collection of talent, experience, assets, and capabilities has been brought together to create a new kind of company designed specifically to address the dynamic data and application needs of the 4th Industrial Revolution.

CenturyLink, Lumen's legacy brand, continues to provide the same exceptional service for its copper-enabled residential and small business customers.

Quantum Fiber was introduced in late 2020, to provide a premium fiber internet experience for both residential and small business customers.

The enterprise brand is Lumen, which serves medium and large businesses as well as government customers, providing an all-in-one platform that powers the fourth industrial revolution.

Residents - Live your life. Do your thing.

- Fully online customer service with no phone queues, voice menus, or call transfers
- Unlimited data, with no contracts, and no complicated bundles
- Prepaid service with no credit checks and no deposits
- Payment options that include credit cards, PayPal, and Apple Pay

New to Quantum Fiber internet rates:

The screenshot shows a web interface for address verification. At the top, there is a progress bar with five steps: 'Address verification' (active), 'Select products', 'Set up your account', 'Schedule install', and 'Set up payment'. Below the progress bar, the heading 'Address verification' is displayed. The main text reads 'Check availability at your home. Enter zip code and select your city.' There are three input fields: 'Zip Code', 'Street address', and 'Unit'. The 'Zip Code' field is a single-line text box. The 'Street address' and 'Unit' fields are two-line text boxes. Below the input fields, it says 'powered by Google'. A large blue button labeled 'Check availability' is centered below the input fields. At the bottom, there are two links: 'Questions? View our Frequently asked questions.' and 'Already have an account? Sign in here.'

Thank You

Although our fiber service usually means 100% fiber-optic network to your location, in limited circumstances Quantum Fiber may need to deploy alternative technologies coupled with a non-fiber connection from a certain point (usually the curb) to your location in order to provide the advertised download speeds. Customer speed experiences will vary, particularly when accessing the Internet wirelessly from various devices. Download speed via a wired connection. Internet speeds are not guaranteed due to conditions outside of network control, including customer location, devices, equipment, and access through a wired or wireless connection; see centurylink.com/InternetPolicy for more information.

Service is not available everywhere. Offer is available to qualifying customers residing in eligible multi-dwelling units. Limited time offer. Monthly service rates, leased equipment rates, and taxes and fees are subject to change. Month-to-month (referred to as "no contract") service means no term commitment and may be cancelled at any time without an early termination fee but customer must accept Internet Subscriber Agreement prior to using service (see www.centurylink.com/eula). Quantum Fiber may change, cancel, or substitute offers and services, or vary them by service area, at its sole discretion without notice. All products and services listed are governed by tariffs, terms of service, or terms and conditions posted at www.centurylink.com/terms. See www.centurylink.com/feesandtaxes for taxes and fees. Additional restrictions may apply. Prepayment: Service will begin on the date your order is completed and full payment is processed through your choice of debit card, credit card, or other prepay service available with your subscription. Each month following, a recurring e-commerce transaction for your service will be processed as service automatically renews monthly until cancelled by customer. ©2021 Q Fiber, LLC.
