Flatwater Lake Homeowners Association, Inc.

Rules and Regulations of the Flatwater Lake Development Subdivision

All Flatwater Lake Homeowners Association, Inc. ("Association") members, owners, residents or occupiers of the Subdivision (or any new re-plats thereof) are responsible for ensuring that they and their guests understand and abide by the Rules and Regulations of the Flatwater Lake Development Subdivision. The Subdivision includes the following property: See Exhibit "A" attached hereto and incorporated herein by this reference.

Disregard for and abuse of these Rules and Regulations are grounds for suspension of privileges to use the lake or any other common facility.

These Rules and Regulations will only be amended, at a regular or special meeting of the members, by a vote of a majority of a quorum of members.

These rules and regulations are designed to give Lot owners a common understanding for expected behavior and to help maintain a safe environment for all owners and guests. There will be times when an owner is exhibiting poor judgment and placing themselves or other owners, guests, and families at risk of harm, and yet not actually breaking any specific rule(s). Additionally, owners, from time to time, may break a rule without risk of harming anyone or causing problems to other owners. The Association's Board of Directors and all owners should take into account, when reporting infraction(s), whether infractions truly exhibit negligent behavior or are a technical violation of the rules and regulations. Additionally, it is assumed that owners will try to directly communicate observed violations and resolve minor grievances with other owners before taking these grievances to the Association Board of Directors.

The Association, or individuals acting under the authority of the Association, is not liable for any damage and/or injuries sustained while guests or residents are using the Association facilities or on Association property. Capitalized terms not otherwise defined herein shall have the meanings ascribed to such terms in the Subdivision's Declaration filed on May 8, 2020, and any subsequent Amended and Restated Declaration of Covenants, or in the Association's Bylaws dated June 15, 2020, or any subsequent Amended Bylaws.

If a member of the Association wishes to report an observed violation of these Rules and Regulations, a written complaint should be filed with the Board of Directors. The complaint should include:

1. The date and time of the violation.
2. The nature of the violation.
3. The lot number and/or name of the violator, if known.
4. Evidence (photos, video, collaborative, etc.)

## I. Guests and Safety

Each Owner has the sole responsibility for any damage or injury that their actions, family, guests, and/or contractors. All owners are required to obtain an umbrella liability policy with coverage of at least one million dollars (\$1,000,000) naming the Association as an interested party.

## II. Owner Responsibility

3. An Owner may request an exception to the Rules and Regulations or Covenants in writing to the Board of Directors. A decision will be rendered within 30 days of the written request.
4. Should any Owner's immediate family member, guest, or invitee, permit, authorize, or participate in any way in the violation of these Rules and Regulations, this may be grounds for revocation of the owner's rights and privileges to use the lake or any common facilities. In addition, privileges may be revoked until the set charge or Assessment has been paid and until a written application for reinstatement has been made to and approved by the Board of Directors of the Association. The Board of Directors shall issue Assessments and other punishments for any rule violations in their sole discretion and in the furtherance of the goals of the Subdivision and the enjoyment and safety of all. Punishments may include warnings, assessments, reprimands, loss of lake privileges, and for repeated and severe violations, revocation of a dock easement. Parties other than owners may be punished in any manner deemed appropriate by the Board of Directors, including temporary or complete revocation of all right to use or occupy the Lake or any common facilities.
